

PROFESSOR BRAWN CAFÉ

Last week we went to **Velocity Novena** to try this 'quite attractive layout' restaurant called **Professor Brawn Café**.

They offer many varieties of Western dishes. Their signature dishes are **Prof's Signature Fish & Chips** and **Gourmet Sausage with Rosti**.

For the Gourmet Sausage with Rosti, you may choose the type of your preferable sausages. Such as Chicken Bratwurst, Black Pepper Chicken Sausage, Cheesy Chicken Sausage, English Pork Bratwurst, Spicy Italian Pork Sausage or Swiss cheese Pork Sausage.

We tried their Cheesy Chicken Sausage. Actually, there is nothing special with their Rosti. It's like a regular Rosti that you might find in another restaurant, but I love their cheesy Sausage.

For me, personally, I prefer their signature Fish and Chips. It's tasty and crispy. I guess it's because they add ginger as one of their ingredients.

Overall, **Professor Brawn Café** is a nice place to have your lunch or dinner.
